

Kingsland-based charity offers tours of their frontline fight to stop domestic abuse

Shine (Safer Homes in New Zealand Everyday) is a leading anti-domestic abuse charity providing a range of specialist services all aimed at assisting victims of domestic abuse to become safer and preferably remain in their own home (www.2shine.org.nz).

Shine now offers fortnightly 'how2shine' tours at their Kingsland office that are 1 hour long. These tours give interested individuals the opportunity to hear stories from the frontline that illustrate how Shine makes adult and child victims of domestic abuse safer and motivates the men who hurt them to change their behaviour.

The tours run at varied days and times to accommodate varied schedules. For dates/times, to book onto a tour or for more information, phone Holly at 815 4598 or email her at hollyc@2shine.org.nz.
